# Rathlin Island

A couple with long hair, seen from behind, are walking hand-in-hand on a paved path that leads up a rocky hillside. In the distance, a black and white lighthouse stands on a rocky outcrop overlooking the sea. The background features a wide expanse of water and rolling green hills under a cloudy sky. The overall scene is serene and scenic, capturing a moment of exploration in a coastal setting.

Rathlin Island is an iconic landmark off the northern coastline of County Antrim and forms part of the panorama of the Causeway Coastal Route. It lies just six miles off the coast from Ballycastle. The high sea cliffs lend an aura of mystery, urging you to explore what lies beyond, but arguably, its greatest asset is the breeding seabird colony. The island also boasts significant natural heritage sites and is internationally important for its flora and, in some cases, its unique marine life. Visitors' cars are restricted, and the roads are quiet and ideal for walking and cycling. On the island you can follow the Sustrans National Cycle Network Route 93 to the West Lighthouse, East Lighthouse and Rue Lighthouse or follow any of eight walking trails. To reach the island, take the ferry from Ballycastle Harbour to Church Bay, Rathlin. There are two ferries and the journey will take no longer than 40 minutes. You can choose to do a round trip in a day or stay a while and enjoy unique accommodation and hospitality. The island's strong cultural heritage, with storytelling, songs and music, is legendary.

# Golf

Royal Portrush is set to host The 153rd Open in 2025, once again providing an outstanding showcase for golf in the region. We are still brimming with pride following the success of The 148th Open. The scenes when Irishman Shane Lowry lifted the Claret Jug at Royal Portrush will live long in our memories and we look forward to making new ones in 2025. The 148th Open served to enhance the Causeway Coast and Glens' long-established reputation for great golf and golf events at Championship Links, including Portstewart Golf Club and Castlerock Golf Club. And, it's not just the courses that are famous—no less than three Major title winners have lived here, namely Fred Daly, Darren Clarke and Graeme McDowell. There are several courses, both links and parkland, where golfers may test their skills. For budding golfers, there are courses to develop their swing at less challenging Par 3 or pitch and putt courses.

# Portballintrae

Portballintrae is a seaside village close to Bushmills with a small sandy beach and pretty harbour area. There is a car park, picnic area, toilets and shop adjacent to the beach. The small harbour is a focal point for many water activities in the village. Runkerry Beach is also a wonderful place to explore but is not suitable for bathing or water sports due to rip currents. The village has close associations with La Girona, one of 24 ships from the 1588 Spanish Armada which were wrecked along the Irish coast. Its treasure, recovered by divers during the 1960s and brought ashore at Portballintrae, can be viewed today in Belfast's Ulster Museum. The village also acts as a trailhead for many wonderful coastal walking opportunities, including the section of the Causeway Coast Way providing off-road walking to the Giant's Causeway, approx. 1.5 miles away.
